

Community Courses

We are committed to providing local people with training opportunities through our partnership with community providers in Hastings and surrounding areas.

We aim to help local people develop new skills, address a need, become healthier or learn how better to support their children. The key areas of focus for our community learning provision are:

- To maximise access to Community Learning for all adults, bringing new opportunities and improving lives.
- To promote social renewal by bringing local communities together to experience the joy of learning and the pride that comes with achievement.
- To help maximise the effect Community Learning has on the social and economical well-being of individuals, families and communities.
